## POLICY SUMMARY

State of Missouri general obligation bond issues consistently have received the highest, "Triple A", ratings from Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings. Missouri is one of only seven states that has this rating from all three rating organizations. The other states are Georgia, Utah, Virginia, Maryland, Delaware, and South Carolina. General obligation bonds can only be issued through voter-approved amendments to the state constitution. Currently, outstanding general obligation bonds are for the four purposes identified below.

**Fourth State Building Bonds:** In August 1994, Missouri voters approved a fourth state building bond issue to provide essential prison capacity, new residential beds for juvenile offenders, and significant new higher education construction and renovation. Governor Blunt recommends a \$16.2 million general revenue transfer to the Fourth State Building Bond and Interest Fund, and \$14.9 million for principal and interest payments on fourth state building bonds currently outstanding. With the final \$50 million issuance on June 1, 1998, all \$250 million in fourth state building bonds authorized by Missouri voters were issued.

**Water Pollution Control Bonds:** Water pollution control bond proceeds help local governments construct wastewater and stormwater control facilities and improve public drinking water systems. These infrastructure improvements support local economic development, protect Missouri waterways from pollution, and help ensure safe drinking water supplies. As of December 2004, Missouri has issued, excluding refunding issuances, a total of \$544.5 million of the \$725 million authorized in water pollution control bonds. Governor Blunt recommends a \$34.9 million general revenue transfer and a \$1 million Water and Wastewater Revolving Fund transfer to the Water Pollution Control Bond and Interest Fund, and \$35.9 million for principal and interest payments on water pollution control bonds currently outstanding. There will be no new water pollution control bond issuance in Fiscal Year 2006.

**Stormwater Control Bonds:** In November 1998, Missouri voters approved a separate stormwater control bond issue of \$200 million for stormwater control plans, studies, and projects. As of December 2004, Missouri has issued a total of \$45 million of the \$200 million authorized in stormwater control bonds. Governor Blunt recommends a \$3.2 million general revenue transfer to the Stormwater Control Bond and Interest Fund, and \$3.2 million for principal and interest payments on stormwater control bonds currently outstanding. There will be no stormwater control bond issuance in Fiscal Year 2006.

**Third State Building Bonds:** In 1982, Missouri voters approved \$600 million in bonds to be issued for improvements to state buildings and property. With the final \$75 million issuance on December 1, 1987, all \$600 million in third state building bonds have been issued. Governor Blunt recommends a \$50.5 million general revenue transfer to the Third State Building Bond and Interest Sinking Fund, and \$50.1 million on principal and interest payments on third state building bonds currently outstanding.

## **PUBLIC DEBT**

### **ADMINISTRATION OF PUBLIC DEBT**

The Board of Fund Commissioners administers the general obligation bonded indebtedness of the state. The board is comprised of the following members pursuant to Section 33.300, RSMo: Governor, Lieutenant Governor, Attorney General, State Auditor, State Treasurer, and Commissioner of Administration. Administrative expenses are associated with the sale and processing of the state's general obligation bonds. The board directs the payment of principal and interest on state debt. General obligation bonds issued by the State of Missouri are rated "Triple A" by Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings. In addition, the Board of Fund Commissioners is obligated to repay to the United States Treasury excess interest earnings (arbitrage rebate) on water pollution control bonds, stormwater control bonds, third state building bonds, and fourth state building bonds.

#### **Fiscal Year 2006 Governor's Recommendations**

- \$20,002 to continue funding at the current level.

### **FOURTH STATE BUILDING BONDS DEBT SERVICE**

Missouri voters approved \$250 million in fourth state building bonds under the provisions of Article III, Section 37, Missouri Constitution to be used for capital improvement projects at state facilities and higher education institutions. Bond sales were authorized by the General Assembly in Fiscal Year 1995, and bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$50 million on June 1, 1998, all \$250 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on fourth state building bonds now outstanding. The money is transferred from general revenue to the Fourth State Building Bond and Interest Fund one year in advance of its appropriation.

#### **Fiscal Year 2006 Governor's Recommendations**

- \$16,235,514 for the transfer of general revenue for debt service on fourth state building bonds currently outstanding.

## PUBLIC DEBT

### WATER POLLUTION CONTROL BONDS DEBT SERVICE

Missouri voters have authorized the state to sell \$725 million in water pollution control bonds under the provisions of Article III, Section 37, Missouri Constitution. Increments of bonds are then authorized by the General Assembly and issued on a cash-as-needed basis to fund wastewater treatment projects approved by the Missouri Clean Water Commission. Currently, \$544.5 million in bonds, excluding refunding issuances, have been issued. General revenue is transferred to the Water Pollution Control Bond and Interest Fund one year in advance of its appropriation for principal and interest payments.

### Fiscal Year 2006 Governor's Recommendations

- \$35,909,635 for the transfer of funds for debt service on water pollution control bonds currently outstanding, including \$34,907,400 general revenue.

## PUBLIC DEBT

### STORMWATER CONTROL BONDS BUDGET YEAR ISSUANCE

Missouri voters have authorized the state to sell \$200 million in stormwater control bonds under the provisions of Article III, Section 37, Missouri Constitution. This appropriation provides principal and interest on stormwater control bonds to be authorized by the General Assembly. Currently, \$45 million in bonds have been issued. General revenue is transferred to the Stormwater Control Bond and Interest Fund one year in advance of its appropriation for payment of principal and interest.

#### Fiscal Year 2006 Governor's Recommendations

- \$3,183,528 for the transfer of general revenue for debt service on stormwater control bonds currently outstanding.

## PUBLIC DEBT

### THIRD STATE BUILDING BONDS DEBT SERVICE

Missouri voters approved \$600 million in third state building bonds to be used for capital improvement projects at state facilities and for specific types of local economic development projects under Article III, Section 37, Missouri Constitution. The General Assembly authorized issuance of \$75 million for Fiscal Year 1983, \$50 million for Fiscal Year 1984, \$75 million for Fiscal Year 1985, and \$400 million for Fiscal Year 1986. Bonds were then sold on a cash-as-needed basis to meet scheduled construction timetables. With the final sale of \$75 million on December 1, 1987, all \$600 million in voter-approved bonds have been issued.

This appropriation provides for principal and interest payments on third state building bonds now outstanding. The money is transferred from general revenue to the Third State Building Bond Interest and Sinking Fund one year in advance of its appropriation.

#### Fiscal Year 2006 Governor's Recommendations

- \$50,509,288 for the transfer of general revenue for debt service on third state building bonds currently outstanding.
